

# HARSHAL SANJAY SHINDE

B.Tech. - Computer Science & Engineering

Ph: +91-9881172576

Email: harshalshinde1804@gmail.com

Pune, Maharashtra, India - 412201

LinkedIn: <https://www.linkedin.com/in/harshalshinde1804/>

## PROFESSIONAL SUMMARY

Computer Engineering student at MIT-ADT University with strong interest in Software Development, AI/ML, and DevOps technologies. Skilled in Python, C++, Web Development, Android Development, Docker, and CI/CD pipelines. Worked on projects including a CNN-based Idol Classification System, DeployMate CI/CD automation platform, and Android applications. Passionate about learning emerging technologies, solving real-world problems, and contributing to innovative software solutions while continuously improving technical and professional skills.

## KEY EXPERTISE

Python C++ Javascript HTML CSS CICD Deep Learning Machine Learning Android Development Jenkins  
Git GitHub Web Development

Developed a Convolutional Neural Network (CNN) based image classification system capable of recognizing and classifying idols from image datasets. Implemented image preprocessing, model training, validation, and prediction using Python and TensorFlow/Keras to improve classification accuracy.

## ASSESSMENTS / CERTIFICATIONS

### **Docker and Kubernetes Masterclass: From Beginner to Advanced**

**Provider:** packt - Coursera

**Key Skills:** Docker

## POSITIONS OF RESPONSIBILITY

### **Vice President , IEEE EMBS Club , MIT ADT University**

Served as Vice Chair of the IEEE EMBS Student Chapter at MIT-ADT University. Coordinated technical events, workshops, seminars, and student engagement activities while collaborating with team members to manage event planning, communication, and execution.

## EXTRA CURRICULAR ACTIVITIES

- Vice President at IEEE EMBS Club at MIT ADT University Pune
