

PRAJWAL DHAWALE

Email: prajwal.dhawale21@gmail.com | LinkedIn: linkedin.com/in/prajwal-dhawale-a18b03285

PROFESSIONAL SUMMARY

Computer Science Engineering student (CGPA: 8.5) specializing in Cloud Computing with strong foundations in programming, DevOps practices, and machine learning. Hands-on experience with AWS, Docker, Jenkins, and Python for building scalable cloud-based systems and automating CI/CD workflows. Developed deep learning solutions using Convolutional Neural Networks (CNN) and implemented automated deployment pipelines. Seeking entry-level Cloud, DevOps, or AI Engineering roles.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science (Cloud Computing)

MIT ADT University | Expected Graduation: 2027 | CGPA: 8.5

Diploma in Computer Engineering

JSPM Wagholi | Completed: 2024 | Percentage: 89%

TECHNICAL SKILLS

Programming: C, C++, Java, Python

Cloud & DevOps: AWS, Docker, Jenkins, CI/CD Pipelines, Cloud Computing Concepts

Web Technologies: HTML, CSS, JavaScript

Core Concepts: OOP, Problem Solving, Automation

INTERNSHIP EXPERIENCE

b) Radiant IT Services – Cloud Computing Intern

Duration: Jun 2025 – Jul 2025

a) Infotech Digital Solution – Android Intern

Duration: Jun 2023 – Jul 2023

PROJECTS

Idol Recognition System (Using CNN)

- Designed and implemented an image classification system using Convolutional Neural Networks.
- Preprocessed image datasets and applied data augmentation techniques to improve model performance.
- Trained and evaluated deep learning models to achieve optimized classification accuracy.

CI/CD Pipeline Automation

- Designed and configured automated CI/CD pipelines using Jenkins.
- Containerized applications using Docker to ensure consistent development and deployment environments.
- Integrated build, test, and deployment stages to minimize manual intervention.
